DEPARTMENT VISION

- ❖ To produce talented Electrical and Electronics Engineers through quality education, to be known for excellence and become a source of cutting-edge technologies in the field of Electrical and Electronics Engineering.

DEPARTMENT MISSION

- ❖ To achieve national eminence in the field of Electrical and Electronics Engineering.

ABOUT THE DEPARTMENT

- ❖ The Department of Electrical and Electronics Engineering was established in the year 2008 and has been well structured. It is offering B. Tech (EEE) programme with an annual intake of 66 and providing outstanding facilities for all the students to learn innovative technologies. The department is running with well qualified, dedicated and experienced faculty to fulfill the aspirations of student community.
- ❖ The department provides technical expertise w.r.t the growing demand in areas of Electrical and Electronics Engineering, which includes Power Systems, Power Electronics, Control and Automation and Electrical Machines. The students are provided opportunities to participate in a mandatory Community Service Project and year-long academic project that gives them the chance in developing their professionalism, lifelong learning skills, teamwork, and communication abilities. Some of our EEE students had been awarded Pratibha Awards at University Level.
- ❖ The Department is having the following well Equipped Laboratories.
 1. Electrical Machines
 2. Electrical Circuits & Measurements
 3. Control Systems & Power Electronics
 4. Power Systems & Simulation

*HoD's
Message*

❖ Welcome to the Department of EEE. It's been great pleasure to introduce the new volume of our EEE department newsletter for this year. This Newsletter "EE-Xperia" will explore the insights of many technical and non-technical programmes/ events conducted by our department that showcases the strength of the department.

Thanking you.....

With Regards,
Prof. P.V. Ram Kumar
HoD, EEE

*Editor's
Message*

❖ It gives me immense pleasure to pen a few words on our department newsletter "EE-Xperia" in continuation of earlier volume and issues. This edition is designed to present the events that have occurred during the period from January - April, 2025 as designated **Volume 2** and **Issue 1**. The issue has been resourceful and informative with various academic and outreach activities. I thank all the contributors for their support in bringing out such a nice issue.

Thanking You,

With Regards,
Ch.Lenin Babu
Assistant Professor, EEE
